SECTION 2. HAZARDS IDENTIFICATION

GHS Classification		
Acute toxicity (Oral)	:	Category 4
Acute toxicity (Inhalation)	:	Category 4
Skin sensitisation	:	Category 1
Effects on or via lactation		
Specific target organ toxicity - single exposure	:	Category 2 (Nervous system)
GHS label elements		
Hazard pictograms	:	
		• •
Signal word	:	Warning
Signal word Hazard statements	:	Warning H302 + H332 Harmful if swallowed or if inhaled.

TEMPRID 75 RESIDUAL INSECTICIDE

Version 1.0	Revision Date: 29.07.2024	SDS Number: 11428704-00001	Date of last issue: - Date of first issue: 29.07.2024
		H362 May cau	se an allergic skin reaction. se harm to breast-fed children. se damage to organs (Nervous system).

		CENTER/ doct P302 + P352 I P304 + P340 + and keep comt doctor if you fe P308 + P311 I CENTER/ doct P333 + P313 It vice/ attention.	F exposed or concerned: Call a POISON or. f skin irritation or rash occurs: Get medical ad-
		Storage: P405 Store loc	ked up.
		Disposal: P501 Dispose disposal plant.	of contents/ container to an approved waste

Other hazards which do not result in classification

Cutaneous sensations may occur, such as burning or stinging on the face and mucosae. However, these sensations cause no lesions and are of a transitory nature (max. 24 hours).

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture	:	Mixture
---------------------	---	---------

Chemical nature	: Suspension concentrate	e (=flowable concentrate)(SC)
-----------------	--------------------------	-------------------------------

Components

Chemical name	CAS-No.	Concentration (% w/w)
Glycerine	56-81-5	>= 10 -< 30

Version	Revision Date:	SDS Number:	Date of last issue: -
1.0	29.07.2024	11428704-00001	Date of first issue: 29.07.2024

Imidacloprid	138261-41-3	< 10
AlkyInaphthalenesulfonic acid, polymer with formaldehyde, sodium salt	68425-94-5	< 10
beta-Cyfluthrin (ISO)	1820573-27-0	>= 1 -< 10
1,2-Benzisothiazol-3(2H)-one	2634-33-5	>= 0.05 -< 0.1

SECTION 4. FIRST AID MEASURES

General advice If inhaled	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice. If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting unless directed to do so by medical personnel. Get medical attention. Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person.
Most important symptoms and effects, both acute and delayed	:	Harmful if swallowed or if inhaled. May cause an allergic skin reaction. May cause harm to breast-fed children. May cause damage to organs. This product contains a pyrethroid. Pyrethroid poisoning should not be confused with carbamate or organophosphate poisoning. This product contains a nicotinoid.
Protection of first-aiders	:	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).
Notes to physician	:	Treat symptomatically and supportively.

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media : Water spray

Version 1.0	Revision Date: 29.07.2024		DS Number: 428704-00001	Date of last issue: - Date of first issue: 29.07.2024
